

KIDS CHAIN for diabetes

Press release

Diabetes Scary? Yes indeed! Anyone can get it, you too as can your kids! Time to take action. The United Nations called in a Resolution to stop this growing epidemic affecting 280 million people worldwide. From Novembre 2007 onwards it will be the Year of Childhood Diabetes. The 4th of Novembre 42 international diabetic kids aged 5-18 years will each run 1K finishing the Athens Classic Marathon where all values and virtues started, get together in the remaining 195 meters handing over symbols taken to their countries. They raise awareness for the growing epidemic of diabetes among kids, warning the adult community, calling for preventive measures and further research while at the same time showing that diabetic kids are well part of society, that sport bonds and takes out happiness and health. You can support these kids, research and translation to patients and the lay public by your donation to the Care Cure Science Foundation (Bank accountno 136 44 67 44 Swift/ Bic RABO NL 2U IBAN NL 76 RABO 0136 44 67 44) C. van Rijplantsoen 28 1063 MC Amsterdam, the Netherlands) mentioning Kids Chain for Diabetes.
